Testimonials:

1. "J. Dwayne Garnett, CEO of Love Is A Parable, was the perfect choice to facilitate our panel conversation at our recent 'From Checkbox to Transformation...DEI in Action' Summit. He was thoughtful, receptive, very prepared, and did an excellent job engaging our panelists, while adding just the right amount of his own experience and expertise. We would absolutely work with J. Dwayne again and would recommend him to any organization where his many strengths could be utilized." - **Ginny Mohrbutter, Executive Director, United Way Tar River Region**
2. "J has committed himself to the Triangle area and beyond as an amazing resource and collaborator. He provides a needed voice to very layered and difficult work in communities and businesses, with regard to identifying solutions and promoting a love of self and identification of values. His methods and penchant for finding the right words at the right time for the right audience are uncanny. In partnership and fellowship, I have witnessed a powerful voice in our community, speaking up for what he believes in and proving himself to be an impassioned and inspiring leader. Any organization, workgroup, or individual that comes into his sphere of influence will surely be edified." - **Merald Holloway, Executive Director, NC100**
