

3rd Year: Year of Clarification and Expansion

[Visit our site](#)

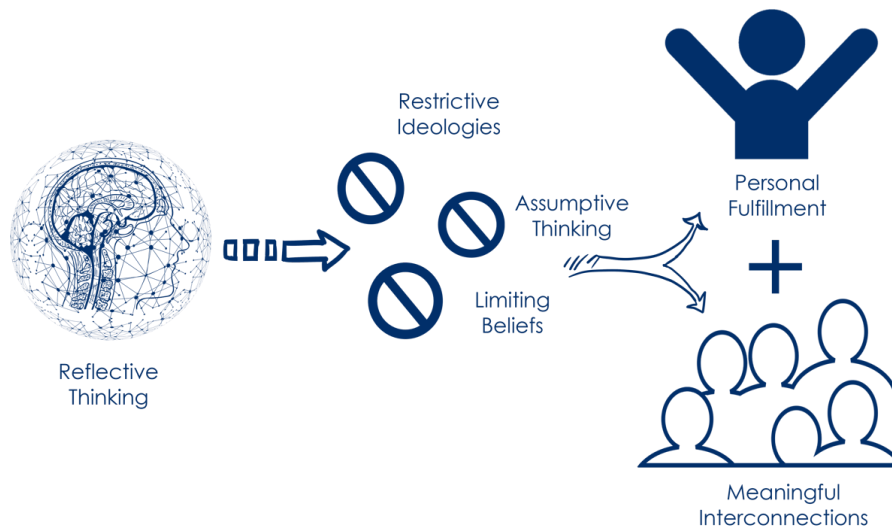

June 21, 2020, marked three years for Love Is A Parable. Equally, our anniversary served as a little over the halfway mark for the Year 2020; and, to say the least, this year has been quite interesting. As with any year, there are defining moments. However, it seems as if these defining moments became establishing moments for us, serving as etching tools to carve out the need for us while inscribing our niche.

While the world seemed to tend to the overwhelming out pour of crises that saturated the entire landscape, we remained faithful to our vision of seeing a world living in unity through love. Though we understand the need to address every disaster and make no attempt to diminish the seriousness of hardship, we acknowledge because of these disasters we must stay committed to our mission. This was proven true this year by our engagement indicators:

500+ training and development hours
Approximately 200 Participants in educational services
Approximately 3000 Lives touched in 33 Countries
Approximately 8000 viewers

Numbers reflect Jan 2020-August 22,2020

Our positive results are a testament to our approach and methodology. To this point, we believe it is key to explain our "how." Our 'difference' is in our action; and our action is making a difference. Year-Three has simultaneously become the **year of Clarification and Expansion**.

Clarification: Our approach and methodology

Through our reflective thinking approach, we focus on the internal workings of self, assisting others to reduce restrictive ideologies, assumptive thinking, and limiting beliefs while uncovering personal fulfillment and meaningful interconnections. We understand the value of relationships, relationship with self and others. We will continue to deconstruct negative constructs paired with love, while partnering with community members and organizations in providing courses that provide the skills necessary to show love and kindness with a passion to achieve an overall sense of awareness, unity, and cultural appreciation. Our services are suitable for educational organizations, small businesses, corporate establishments, non-profits and religious institutions, and, perfect for youth, individuals, couples, families, and small groups. We pride ourselves on being a human safe space.

Expansion: Extending our reach

Connect with us and take advantage of our educational opportunities to achieve personal fulfillment, gain a sense of purpose, and forging togetherness, all while being a beacon of love. When individuals are fulfilled, cultures blossom, communities thrive, and businesses grow. This is something that we all should be a part of.

[Donate to our cause.](#) We are a charitable and an educational 501c3 organization, who provide character, social, and leadership development to those who have an aspiration toward unity, love, and kindness.

After considering ways that we can help you and/or your organization, allow us to assist others in your network. You possess the ability to be a conduit of positive change. We deserve to live in a world of love, together.
